TRENDS

- We have an decreasing numbers of alerts shared in November 2023 compared to November 2022 which may be explained by a significant drop of potentially suspicious matches from China and India.
- In November 2023, Asian and European football takes up the majority of the red alerts.
- There were also some suspicious matches in Basketball and E-sports. Our members have provided information on different tournaments.
- We have shared similar number of red alerts compared to October 2023. There were 19 red alerts in November 2023 while in October 2023 we had 23 red alerts.
